Total Body  
Formula

8.45 fluid oz. (250 ml)

**Healthy Skin Is Beautiful Skin**

Before

After 14 Days

## K5 Skin Nutrition

First and foremost, K5 is a skin health product. With proper nutrition, skin is healthier.

K5 Skin Nutrition Products nourish your skin at the cellular level to revive and repair your skin.

**K5 Total Body Formula** will refresh & restore your skin for a complete body renewal.

**K5 Face & Neck Formula** has up to five times the active power of K5 Total Body Formula. Use it to soothe and replenish your face, neck, and any damaged, dry, or sun-damaged skin.

### How Does K5 Skin Nutrition Work?

In healthy skin, the surface layer, or epidermis, is completely rejuvenated in as short as 4 weeks.

This process, called “skin cell turnover”, is dramatically enhanced with K5 Skin Nutrition to produce youthfully soft, supple skin.

Your skin’s tone & texture transforms as damaged skin cells are replaced by healthy, fresh cells regenerated by K5’s powerful nutrients.

K5’s anti-aging ingredients invigorate rapid cell turnover revealing fresh new skin cells. Your skin is visibly firmer with a more radiant tone.

## K5 Skin Nutrition & Sun Health

K5 Skin Nutrition’s intense anti-oxidant formulation, infused with Polypodium Leucotomos (PLE), biologically changes the way skin reacts when exposed to Ultra Violet Rays (UV). You will experience a healthier, less damaging response to the sun.

PLE is extracted from a South American tropical fern known by Native Indians as “The Jewel of the Young” because of its skin healing properties. PLE reduces the skin’s inflammatory response, so you get less burning and less UV damage. This significantly reduces photo-aging.

K5 Skin Nutrition is a fabulous pre-sun and after-sun skin conditioner. You’ll get less burn, less damage from UV rays as PLE reduces the skin’s damaging inflammatory response to sun exposure.

K5 Skin Nutrition hydrates and nourishes your skin. The anti-inflammatory and anti-oxidant system protects, soothes, and nourishes skin exposed to the damaging effects of the sun.

Note: K5 Skin Nutrition is not a sunscreen. It is ideal as a pre-sun conditioner. Health care experts recommend sunscreen whenever you expect extensive exposure to the sun.

K5 should be used before applying sunscreen, and as a soothing post-sun skin conditioner.

K5’s preservatives are safe, even for compromised skin.

# K5 Skin Nutrition Moisturizing Complex

## WHAT ARE THE BENEFITS OF K5 SKIN NUTRITION?

- Naturally firms & tightens your skin for a youthful appearance and healthy glow.
- Restores your skin's strength & natural elasticity.
- Moisturizes at a cellular level, revealing fresher, more youthful, skin.
- Helps protect against photo-aging and sun damage.
- Shields your skin against environmental stress with natural anti-oxidants and anti-inflammatory agents.

## WHAT ELSE DOES K5 SKIN NUTRITION DO?

- Improves the flow of nutrients to the skin.
- Reduces cellulite.
- Lightens age spots.
- Diminishes spider veins.
- Reduces stretch marks.
- Boosts your skin's natural immune system to protect skin from free radicals & environmental damage.

## WHAT MAKES K5 SKIN NUTRITION SO UNIQUE?

**K5** Products have a focus on skin health & nutrition.

**K5** has more vital ingredients than any other skin care product in the world. **K5** comprehensively feeds & nourishes the skin.

**K5** has a unique delivery system that guides nutrition deep into your cells and enhances absorption of vital nutrients into the skin.

**K5's** proprietary technology helps fight dark under-eye circles and uneven skin areas...thus revealing new skin with soft even tones.

**K5** Products hydrate and protect.

## THE FEEL OF FRESH

**K5** Skin Nutrition is fresh.

Our unique airless packaging protects **K5** Skin Nutrition from exposure to air from the time of manufacturing until you are ready to apply.

Minimizing exposure to air maximizes your skin care benefits.

# K5 Skin Nutrition® ...Where Skin Health & Science Meet

Polypodium Leucotomos (PLE) changes the way your skin reacts to the sun, often eliminating burn entirely. PLE is a potent anti-inflammatory that reduces damage from UV rays as it boosts the skin's immune system.

Hyaluronic Acid (HA) is the best moisturizer for skin health. HA is a natural moisturizer already present in healthy skin, and K5 contains tiny molecules of HA to speed a moisturizing supplement to plump your skin.

Alpha Lipoic Acid helps the body make healthy new skin cells that will reduce wrinkles.

DMAE (dimethylaminoethanol) is proven to firm sagging skin. Users of K5 Face & Neck Formula report regular usage dramatically improves appearance.

Ceramides increase healthy skin cell turnover, hold moisture, and soften dry rough skin.

Collagen Amino Acids stimulate production of new collagen and elastin, giving new skin strength & elasticity.

Flavonoids, derived from the world's healthiest foods, contain powerful anti-oxidants and enhance delivery of vital nutrients to the skin, improving clarity, color and tone.

Resveratrol is a natural anti-oxidant that is stable and potent. It protects against sun damage, improves collagen synthesis, & reduces sun damage.

A complex of Vitamins & Minerals makes K5 the most comprehensive skin nutrient system on the market.

Vitamin A stimulates cell growth and turnover, plumps the dermis, and reduces wrinkles and lines.

Niacinamide (Vitamin B3) improves elasticity & enhances the skin's natural barrier function to erase discoloration and revive healthy tone and texture.

Vitamin B6 encourages oxygenation & reduces blemishes.

Vitamin C stimulates collagen synthesis, minimizing lines, scars, & wrinkles. K5 uses a stable, long-lasting Vitamin C compound.

The natural Vitamin D used in K5 matches what your skin produces during sun exposure, without the harmful effects of UV.

Vitamin E, known as an anti-oxidant for topical skin care, also retains moisture by improving the skin's barrier function.

Vitamin K1 improves micro-circulation to the skin, reducing skin redness.

Vitamin K2 regulates the deposition of Calcium, keeping elastin from hardening and causing wrinkles.

Zinc promotes the growth of collagen and is necessary for cell growth and turnover.

Magnesium slows down the aging of skin.

Selenium is an anti-oxidant that increases skin elasticity and protects from UV rays.

Manganese helps enzymes function and helps boost the immune system.

Calcium is a building block for skin cells.

- A complex of quality Conditioners are included in K5 Products, producing a soft and supple feel.

- K5 Products are paraben-free.
- K5 Products are non-comedogenic & non-pore-clogging.
